Grateful Caregiver Program

Our Mission

The Adult Day Center of Somerset County, a compassionate community of acceptance, is a non-profit agency committed to providing extraordinary day care services for the elderly and disabled residents of Somerset County, and support for caregiving families.

A Way to Say Thanks!

It may have been the support and friendship you received at the Caregiver Support Group, or the valuable advice from our staff. Perhaps it was the excitement in your mother's face when she brought home the planting she made during a horticultural therapy workshop or the relief you felt when you went to work and didn't have to worry about your father.

There are a dozen ways that the staff and volunteers of the Adult Day Center make a difference in the lives of our members and caregivers. We hear about them every day – through letters, emails, phone calls or other expressions of gratitude from trays of cookies to charitable gifts.

That is why we established the **Grateful Caregiver Program**, which allows individuals and their families to formally recognize the care received at the ADC. Whether you choose to honor a staff member or program, your donation is a meaningful opportunity to say "Thank you," and to give back to those who have shown special care for your loved one.

At the same time, your generosity will enhance the experience of future members and caregivers – by helping us launch new therapeutic activities, bring in special therapists and provide ongoing education about state-of-the-art activities for our staff while maintaining the ADC's proud hallmark of providing care with compassion and integrity.

If you've been helped by the ADC, why not pass the gift along with a donation to the ADC? Your contribution will help us to keep our services affordable to all who need them.

Words of Gratitude

"I would like to take this time to thank you and everyone at the day care center for providing my mom with some happiness, joy and all of the kindness that she was provided at the ADC.

"Thank you for bringing my mother back to life."

"I can't thank you enough for helping me balance my hectic life ."

"I want to thank you for welcoming my brother with open hands to your program. It has been like a second home for him."

"I appreciate your guidance in helping us to find help for my husband and our family."
